LOCAL MATTERS.

NOTICE.—Single copies of the SENTINEL, in wrappers, can always be obtained at the office of publication.

THANKS.—Our thanks are due Mr. Wm. HONLITZEL, of Mound City, for a club of subscribers.

A survey of the streets was taken this week by the old inspectors—the cows.

News Item.

A through mail from St. Joseph arrived here yesterday. It is thought there will be another next week. The world still moves.

Notice.

Wood's and Schenck, Agents for the State Insurance Company of Hannibal, will remain in town for a few days. All having property to insure would do well to give them a call.

County Court.

This body, Judge EVANS presiding, was in session on Monday and Wednesday of the past week. No business of importance was before it. It adjourned Wednesday evening until the first Monday in August.

The Crops.

The wheat crop in this county, which has been partially harvested, turns out more than an average yield. The corn, we are told, also presents a flattering prospect. The corn in the Missouri Bottom is somewhat better than that on the uplands. A large hemp crop will be produced this year.

Oration.

Through the politeness of the Committee on Public Speaking, and at the suggestion of many others, we lay before our readers the address delivered on the Fourth by the Rev. W. CUMMINS. We regret that our lack of space compels us to defer a portion of it until next week.

Heard From.

By a private letter we learn that A. B. MULLINS, formerly a pub. func., of Holt County, is now in St. Louis, a paroled rebel prisoner. Mr. MULLINS went off in the rebel cause early in the action, and we trust the past four years have profited him in the way of teaching a lesson. Some men will learn such a lesson only in such a way.

Wool.

The interesting process may be seen every day at the mammoth factory of SAMUEL WATSON & SONS, in this city. They are prepared to take the kinks out. They transform wool from a sheep's back into wearing material for the human species. For particulars see card, in this week's paper, or call at the factory.

Before the Mayor.

TOM MYERS, of Forest City, while in town celebrating the Fourth became very much intoxicated, (with the spirit of '76) so much so as to protract his stay until the next day, when still feeling patriotic and conducting himself in a manner "prejudicial to good order and military discipline" he was brought before his Honor the Mayor and came out of the "scrape" by paying a fine of five dollars and contingencies.

A Bit of Geography.

DEDICATED TO THE ALDERMEN, ET AL.

OREGON.—An inland town, situated in the county of Holt, State of Missouri, America; is the seat of government for said county; was founded in 1842. **PUBLIC EDIFICES.**—Noland & Walters' Hall, Ball's Saloon, Mac's Old Store, Public Square, and apertunances, Jail, etc., open every day, Sundays excepted; Jail open on Sunday. Nobody in Jail.

PRODUCTIONS.

Little Pukes, NATURAL CURIOSITIES—Niggers with dark skins; fifty or sixty unwashed boys who don't go to school; short-tailed rat terriers; Six "disinterested horseholders" who don't take a newspaper.

PROFITABLES.—Beautifully macadamized (?) streets and crossings; Idle walks dangerous to the human family; a chasm washed out on N. Main Street.

REMARK.—It is said, certain is known, that Aldermen in the place.

Personal.

We are gratified to learn that our friend and late comrade in arms, Capt. A. WALTERS, has again located in Oregon. Having purchased the entire concern known as Walters & Noland's shop, he has caused the establishment to re-assume something of the business air of former times. It is a source of pleasure to us, resulting from a certain degree of attachment between all soldiers, to greet, as we do occasionally, the familiar face of an old comrade. We wish the Captain every success.

NEW CONSTITUTION ADOPTED.

Proclamation by the Governor of Missouri.

STATE OF MISSOURI,
EXECUTIVE DEPARTMENT,
July 1st, 1865.

WHEREAS, On the sixth day of January, one thousand eight hundred and sixty-five, a Convention of Representatives of the State of Missouri, elected in pursuance of law, assembled in the city of St. Louis for the purpose of amending the Constitution of said State, which Convention did, on the eighth day of April, in said year, adopt a Revised and Amended Constitution for said State:

AND WHEREAS, In and by the second section of the thirteenth Article of the said Revised and Amended Constitution it was provided that an election by the qualified voters of this State should be held on the sixth day of June, one thousand eight hundred and sixty-five, at the several election precincts in this State, and elsewhere, for the purpose of ascertaining the sense of the people in regard to the adoption or rejection of said Constitution; and provisions were made in said section for taking and counting the votes of such qualified voters of this State as should then be absent from the places of their residence, by reason of their being in the military service of the United States or of this State whether they should then be in or out of this State:

AND WHEREAS, In and by the provisions of the said thirteenth Article of the said Revised and Amended Constitution, it was required that the returns of said election should be certified to the Secretary of State, and on the first day of July next ensuing said election, the Secretary of State should, in the presence of the Governor, the Attorney General, or the State Auditor, proceed to examine or cast up the returns of the votes taken at said election, and certified to him, including those of persons in the military service; and if it should appear that a majority of all the votes cast at the said election were in favor of the Constitution, the Governor should issue his proclamation stating that fact, and the said Constitution should, on the Fourth day of July, be the Constitution of the State of Missouri:

AND WHEREAS, On the said first day of July, the said Secretary of State did, in presence of the Governor and the State Auditor, proceed to examine and cast up the returns of the votes taken at said election, and certified to him, including those of persons in the military service; when it appeared, upon an accurate casting up of said returns, that there were forty-three thousand six hundred and seventy (43,670) votes in favor of said Constitution, and forty-one thousand eight hundred and eight (41,808) votes against said Constitution; and there being, therefore, a majority of all the votes cast at said election in favor of said Constitution:

Now, therefore, I, Thomas C. Fletcher, Governor of the State of Missouri, in pursuance of the authority vested in me, as aforesaid, do, by this my proclamation, declare and make known that the said Revised and Amended Constitution was, at said election, adopted by a majority of the votes cast at said election, and that in pursuance of the provisions therein contained, it will take effect as the Constitution of the State of Missouri, on the fourth day of the present month of July.

Given under my hand and the great seal of the State of Missouri, at the City of Jefferson, on the first day of July, in the year of our Lord one thousand eight hundred and sixty-five.

THOS. C. FLETCHER.

By the Governor,
FRANCIS RODMAN, Sec'y of State.

THE WAR Department has for several weeks past been engaged in preparing a list of promotions which, when completed, will be published in general orders. The number receiving brevets is very large, and is intended to embrace officers of all grades who have rendered meritorious service to the Government during the war.

Edwin Booth is said to be about to marry a young lady of Philadelphia, the daughter of a well known performer of that city. His re-appearance on the stage is uncertain. He has a beautiful daughter, a beautiful child of five years old, and full of fire, who already shows a disposition for the stage. He is said to be entirely withdrawn from the stage in consequence.

CLEANINGS.

On the first of July the Treasury Department paid in gold the July interest on its bonds amounting to \$975,899,225.

Mosey, the Virginia guerrilla chief, has at last surrendered. He has been paroled on the same terms as were granted to Leo.

CLASS rule has been the bane of the South. It has pampered the rich and wronged the poor. The problem of its destruction involves more of restoration than all of the many theories, quackeries and isms of the day.

THE reorganization of the Southern States now going on rapidly, will require the immigration of labor, skill and capital, and the fertile lands which our soldiers made their battle-ground may now become their permanent and cheerful homes almost for the asking.

WOMAN'S RIGHTS IN AUSTRIA.—The advocates of woman's rights will be rejoiced to learn that principle has achieved a decided triumph in an unexpected quarter. The Emperor Francis Joseph, of Austria, has submitted to his popular assembly a law giving the women of his Empire a right to vote.

SANTA ANNA.—This veteran Mexican chief, when banished from Mexico by Maximilian, took up his residence at St. Thomas, for the purpose, it is believed of being near at hand, when another revolution takes place in that country. He is warmly in favor of the cause of the north, and thinks we ought to unite to drive the French out of Mexico. He believes the Austro-French Empire a temporary affair and evidently intends to turn up again, and before long, in the Halls of the Montezumas.

THE little slaveholding State of Delaware is rapidly earning the reputation of being the meanest and most despicable of all the States in or out of the Union. The lower house of the Legislature, now in session at Dover, last week passed resolutions of respect to the memory of President Lincoln, but the Senate refused to concur! The reason of this is that the few slaveholding families in that State have a controlling influence in the Senate.

THE Supreme Court of Wisconsin have decided that the law of Congress requiring stamps to legal processes, in the beginning or other stages of a suit is unconstitutional and therefore void, and the stamps on legal papers not necessary. The ground of the decision is that the imposition of a tax upon any proceedings in a State Court is an invasion of the right to regulate proceedings in its own court; that if Congress can tax these proceedings at all, it can lay a tax that will practically amount to a prohibition, and thus legislate the State Courts out of existence.
